Percentage: 77.83   2017 - 2019

Shebha Matriculation Higher Secondary School,
Percentage: 90.60   2017

SKILLS

Html, CSS, Java script, Python, SQL, Oops

EXPERIENCE AND PROJECTS

Programmer Analyst Trainee - (Almost 1 year),
As a Programmer Analyst Trainee, I was hired to contribute to technical development projects, but due to organizational requirements, I worked as a Non-Technical Support Engineer. In this role, I gained valuable experience in problem-solving, customer support, and communication while working in a high-pressure, fast-paced environment. Despite the non-technical nature of the work, I continued developing my technical skills in HTML, CSS, JavaScript, Python, and SQL outside of my job responsibilities, preparing to transition into a full-time programming role.

Movie Review System (MoRS) (HTML, CSS, Angular Js, MongoDB),
Designed to view the list of all the movies with their details and also supports grid view of the movies.

EVENT MANAGEMENT SYSTEM (Angular Js, Firebase),
Attendance tracking and OD allocation for students is automatically recorded using AngularTS as the front-end with Firebase for authentication and database.

CAFE MANAGEMENT SYSTEM (WIX),
Designed to order food stuffs and manage the customer billing details.

LANGUAGES KNOWN

English, Tamil
